Subject: Clear Creek Draft Plan Comments

Dear Mr. Krickbaum,

I am writing on behalf of WOHVA (Wisconsin Off-Highway Vehicle Association) to express our comments on your Clear Creek Management Area Draft Plan.

WOHVA is an umbrella organization representing motorized recreationists from the ATV, OHM and 4WD communities here in the Badger State. Collectively, WOHVA represents over 1000 Off-Highway Vehicle enthusiasts.

Motorized recreation is the fastest growing type of recreational activity in the country and WOHVA appreciates the stress that this growth is putting on the roads and trails in all of our national lands. WOHVA encourages all OHV enthusiasts to recreate responsibly and enjoy the great outdoors. This increase in use has put additional congestion on already crowded roads & trails.

With this additional and growing demand for motorized recreational opportunities, WOHVA does not support any land management plan which does not list as an alternative the expansion of motorized recreational riding opportunities.

WOHVA encourages the Bureau of Land Management (BLM) to work with motorized recreational groups to develop a partnership with these groups. It is our belief that by working with motorized recreational volunteer groups the BLM can find solutions to some of their financial and budgetary restrictions.

In the case of the Clear Creek Management Area, WOHVA supports the reopening of this area for motorized recreation.

WOHVA requests that we be added to any and all written announcements, documents or correspondence mailing lists so as to remain updated on this and all matters pertaining to motorized recreation in the Clear Creek Management Area.

Thank you for your time and I am available to answer any questions the BLM may have. Feel free to contact me on this and any other issue which involves OHV recreation.

Happy Trails,

John G Schnorr
