BUREAU OF LAND MANAGEMENT
HOLLISTER, CA 95026

Subject: Staging Area Restoration

Referring to the Following Document

BLM document June 2009 Staging Area Restoration

Executive Order 11644 (Use of Off-Road Vehicles on the Public Lands), February 9, 1972 (87 F.R. 2877), to establish policies and provide for procedures to control and direct the use of Off-Highway Vehicles on Federal lands so as to (1) protect the resources of those lands, (2) promote the safety of all users of those lands, and (3) minimize conflicts among the various uses of those lands.

Discussion:

BLM is using the above in violation of CEQ order 1502.2 which directs the following: Agencies shall not commit resources prejudicing selection of alternatives before making a final decision

Recommendation:

Alternative A represents the 'No Action' alternative and would reaffirm current management under the 1984 Hollister RMP (as amended). BLM would incorporate new health risk information into public outreach and education asbestos hazard information program to mitigate public health risk.

Stop all construction at CCMA until a final ROD is made.
